Worthington Nursery

Route 1, Box 192

MOBILE, ALABAMA

CONDITIONS AND TERMS: All orders are accepted on condition they shall be void should any injury beyond our control befall the stock. All quotations are subject to prior sale. Our stock is free from disease and true to the name under which it is sold. If a variety is sold under several names, we list it under its true name, as far as we know it, and also under its other names. We hope this will assist our customers to avoid purchasing the same variety which is sold under several names. We guarantee our stock to be top quality in every respect and that it will be properly dug, packed, and shipped.

As we have no control over growing conditions and care of the stock after it leaves our nursery, we cannot guarantee the plants to live. The success of growing any kind of nursery stock depends upon soil and climatic conditions and upon the care, knowledge, and skill of the gardener.

PRICES AND TERMS OF PAYMENT: All prices are F. O. B. our nursery. Please send remittance by Postal Money Order, Express Money Order or Bank Draft. We make no charge for packing or crating, so please, no order for less than \$5.00 can be accepted.

TRANSPORTATION: In your order please state method of transportation desired, parcel post, express, or motor freight. If no instructions are given we will use our best judgment in selecting the method of transportation. We make no charge for delivery to carrier but our responsibility ceases when stock is turned over to carrier and the risk and cost of transportation belong to the purchaser.

CLAIMS: All claims must be made immediately upon receipt of the stock. We will be glad to adjust any mistake made by us, but in no case will our liability be more than the purchase price of the stock.

POLICY: Our policy is to try to furnish you with stock that will live and develop into beautiful specimen plants. To this end we conscientiously select and grade plants that will achieve this goal. Your good will and friendship are our most valuable assets and we are deeply grateful for them. If you are pleased with the plants we send you we would appreciate you telling your friends about our nursery. In the past we have acquired almost as many customers from this source as from our advertising. If, for some reason, we inadvertently displease you let us know about it and we will do our best to clear up the misunderstanding.

SUBSTITUTION: We will not substitute unless authorized to do so.

ACKNOWLEDGEMENT: If your order is not acknowledged promptly, please advise us.

INDICA AZALEAS

These Azaleas are the most popular of all in the gardens of the South, along the Gulf coast region and lower Atlantic coast. However, in recent years the Indica variety has been successfully introduced farther North than was ever thought possible at one time. The flowers are very large and single and are available in a wide range of color. They are fast growers and develop into large size plants in a few years and for this reason are ideal for use in landscape work.

DAPHNE SALMON (LAWSAL): Blooms early with medium flowers of light salmon color, upright growers.

ELEGANS: Blooms very early with large flowers of pink color, fast upright grower, well shaped plant with heavy foliage.

FIELDER'S WHITE: Blooms early with large pure white flowers, one of the best whites. Strong upright growth with dark green foliage. Sizes to 10"-12".

FISHER'S PINK (PERFECTION): Blooms about mid-season, large flowers of rose pink, very good. Sizes to 18"-24".

FORMOSA: Blooms mid-season with large purple flowers, large thick dark foliage and extremely fast grower.

INDICA ALBA (LEDIFOLIA): Blooms mid-season, large white flowers, hairy foliage, very hardy. Sizes to 12"-18".

PRESIDENT CLAY: Blooms early to mid-season with medium size orange-red flowers, fast upright grower. Sizes to 18"-24".

PRIDE OF MOBILE: Blooms mid-season with large beautiful watermelon pink flowers, large foliage, fast grower, one of the finest Indica Azaleas.

24"-30"	Budded B&B	\$3.00	field grown

KURUME AZALEAS

This variety of Azalea, frequently referred to as dwarf Azalea, is one of the most popular because of its hardiness, its profusion of bloom, and wide range of colors. There are many outdoor plantings of these Azaleas as far North as Long Island, New York, which bloom perfectly each Spring. Kurume Azaleas are used extensively for pot plants, border plants in landscaping, and for mass planting in beds. The blooms of some varieties are single, while others are double. These are called hose-in-hose.

CHRISTMAS CHEER: Hose-in-hose, small flowers deep red, compact growth, small foliage.

CORAL BELL: Hose-in-hose, small bell shaped deep pink flowers, small glossy foliage.

HINODEGIRI: Single, very bright red flowers which cover the plant in such a manner that hardly a leaf shows when the plant is in full bloom. Compact growth, dark green foliage. One of the best.

PINK PEARL: Hose-in-hose, cherry rose color shading lighter to center, compact growth, glossy green foliage. Sizes to 8"-10".

SNOW: Hose-in-hose, pure white flowers which cover the plant. Compact growth, large dark green foliage. Sizes to 10"-12".

SALMON BEAUTY: Hose-in-hose, large salmon pink flowers, compact growth, very showy. Sizes to 10"-12".

CONIFERS.

PODOCARPUS SINENSIS (JAPANESE YEW): One of the largest leaved conifers with 2 to 3 inch leaves a half inch wide. Can be pruned to any desired shape, does well in sun or dark shade.

12"-18"..... .50; 18"-24"..... .75

DECIDUOUS PLANTS

HYDRANGEA: French varieties that bloom all Summer.

12"-18"..... .75 each; 18"-24" B&B.....\$1.25 each; 2'-3' B&B.....\$1.75 each.

MAGNOLIAS: In the early Spring before their leaves appear these trees begin to bloom, almost on every terminal shoot a flower appears. Oriental Magnolias are used extensively in England and are fast gaining favor in this country due to their hardiness in nearly all parts of the United States. Sometimes this group is referred to as Tulip-trees due to the large flowers resembling tulip blooms.

MAGNOLIA SOULANGEANA: The most popular variety in the United States because of its profusion of blooms and hardiness. Flowers are 6 inches across with 9 petals, the color ranging from nearly white to dark purplish pink. 18"-24" B&B.....\$2.00; 2'-3' B&B.....\$3.00; 3'-4' B&B.....\$4.50; 4'-5' B&B.....\$6.50.

MAGNOLIA ALEXANDRINA: Hybrid, similar to Soulangiana, but grows taller and both the flowers and foliage are much larger. The flowers have 9 petals which are heavily flushed rose purple with darker lines. 18"-24" B&B.....\$2.00; 2'-3' B&B.....\$3.00.

MAGNOLIA SOULANGEANA NIGRA: A hybrid which predominates with characteristics of Liliflora. The flowers are lily shaped with 6 petals instead of 9 petals usually found in most varieties of this group. The flower petals are a rich dark purple outside and lighter purple inside. 18"-24" B&B.....\$2.00; 2'-3' B&B.....\$3.00.

MAGNOLIA RUSTICA RUBRA: A vigorous grower and especially desirable where a tall spreading Magnolia is wanted. Blooms later than Soulangiana. The flowers are large, cup shaped, dark reddish purple. After the flower falls there is a handsome seed pod more than 6 inches long. 18"-24" B&B.....\$2.50; 2'-3' B&B.....\$3.50.

MAGNOLIA LILIFLORA: Grows in bushy form with many stems from the ground. Flowers small with 6 petals, deep purple outside and white inside of petals. 18"-24" B&B.....\$2.00; 2'-3' B&B.....\$3.00.

MAGNOLIA STELLATA: Commonly known as Star Magnolia, compact and spreading growth. Leaves small and narrow, the flowers are white, small and delicate with 12 to 18 petals.

18"-24" B&B.....\$3.00; 2'-3' B&B.....\$4.50.

SPIREA REEVESIANA FLORA PLENA (DOUBLE BRIDAL WREATH): 12"-18"35; 18"-24"75.

— N O T E S —

No Spading!

No Discing!

No Harrowing!

JUST ONE SIMPLE OPERATION with the—

“Handy Worker” Tiller

THE SINGLE-UNIT POWER IMPLEMENT . . .

For completely conditioning your soil for planting in just one operation, and in addition to cultivate the plant throughout its entire growing cycle **FOR ONLY** . . .

\$194.50*

The “**HANDY - WORKER**” **TILLER** is also quickly converted to an Auxiliary Power Unit, Lawn Mower, Sickle-Bar Mower, Rotary Snow Plow, Power Sprayer, Pneumatic Tree Pruner, or Trenching and Hilling Tool.

This is a rugged, sturdy, light-weight Soil Tiller; even a woman or child can operate. It weighs only 100 pounds. If you are located near our Nursery we invite you to see it work or have it demonstrated in your garden.

We are very fortunate to have been given the agency in this section and we not only recommend it — we use it in our Nursery.

If you are interested in a real Single-Unit Power Implement for complete soil conditioning, write for descriptive literature. We can make delivery from Mobile or from the factory — **THE ROLLE MANUFACTURING CO., Inc.** Lansdale, Pennsylvania.
